

## Employee Engagement.

### If Not Now, When?

1-day Workshop

Employee engagement has been proven to boost individual, team and operational performance resulting in higher productivity, better customer engagement, fewer accidents, better retention and higher profitability. In other words, employee engagement matters

Our 1-day workshop provides leaders with a proven framework, best practices and actionable tools that address the five 'must haves' for creating and sustaining an engaging work environment.

#### Trust

Identify specific behaviors and actions to build trust, reduce unconscious bias and foster respect in the workplace.

#### Line-of-Site

Learn how to how to construct a line-of-site chart that connects each employee to the company's vision & mission

#### Empowerment

Explore actions and activities that increase employee decision-making, self direction and ownership.

#### Development

Learn how to construct an Employee Success Plan with customized employee development activities.

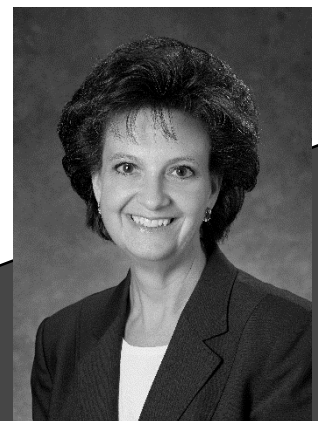

#### Reward and Recognition

Discover how timely and consistent messages and actions can reinforce employee engagement.
